

TENUTA  
SASSOREGALE

# Sassoregale Vermentino

Vermentino makes among the most distinctive and delicious white wines out of Italy today. The grapes grow best in a sunny, warm, and dry climate, just like the warm coastal and sun-filled area of the Tuscan Maremma. The vineyard's close proximity to the sea is perfect for letting Vermentino shine!

The result:  
Sassoregale's Vermentino is sun, wind, and sea captured in the bottle!

**REGION:** Maremma Toscana (untamed countryside of Tuscany)  
**GRAPES:** 100% organic Vermentino  
**PRODUCTION:** Cool-temperature fermentation in stainless steel.  
**PAIRING:** Pairs perfectly with oysters and raw seafood, and the bold citrus and stone fruit character will stand up to grilled octopus and white meats.

**TASTING NOTE:** Sassoregale's Tuscan Vermentino is dry with robust citrus and stone fruit flavors framed by herbal notes and a crisp finish. It tastes rich but is utterly fresh.
