

Sella Antica is a red blend born to roam with the *butteri* – the real-life cowboys from Italy's own wild west. A kinship of fearless horsemen and women, the butteri uphold their forebears' tradition of herding the long-horned Maremmana cattle through Tuscany's wild terrain. Bound by honor and integrity, they have preserved their ancestral homeland and beasts for over 2,000 years.

In 2022, Sella Antica will bring the story of the butteri to the off-premise, leveraging a QR code to a one-minute brand video on all print POS. From the sales floor to the shelf, all POS will bring the intrigue of the butteri to life.

2.25" W x 4.5" L

**Double-sided
Case Cards**
13.5" W x 25.4" L

The *butteri* badge of honor is their horses' breast-collar medallion, handmade from the same leather as each rider's saddle. It is from this saddle that *Sella Antica* (Ancient Saddle) gets its name. Like the butteri who call this home, Sella Antica winemakers share a bond with nature, developed through the generations and fortified by dedication to their craft. This wine brings out the fruit-forward expressions of the land and tastes as rich as the story it celebrates.

Masterfully blended with the American consumer's palate in mind, Sella Antica will showcase its easygoing drinkability and endless pairing potentials through in-store tastings.
